

OUR NEW ECOMMERCE CONNECTOR More Sales Power for SAP Business One

Connect to Magento 2 and/or Shopify with Softengine's new eCommerce Connector

Many of our customers have been looking for a connector solution that will empower them to bring data from Shopify or Magento 2 directly into SAP Business One. Softengine is proud to announce our exclusive new eCommerce Connector solution.

The world's #1 commerce platform is connected like never before

Magento is the most popular commerce platform in the world, with more than 250,000 merchants around the globe selling more and driving innovation. Magento gives you the flexibility to customize and extend your platform to create unique, differentiated branded experiences. Adapt fast, and stay ahead of changing customer buying patterns. With Softengine's new eCommerce Connector, data from Magento 2 can be integrated directly into your SAP Business One solution.

The eCommerce platform made for you is now made for SAP Business One, too.

Shopify is not just an eCommerce software, it's the eCommerce platform that has everything you need to sell online, on social media, or in person. Selling your products in many places should be every bit as simple as selling in one. With Shopify's eCommerce software, you get one unified platform to run your business with ease. And speaking of ease, Softengine's new eCommerce Connector enables you to map Shopify data straight into SAP Business One!

Learn how Softengine can connect your Shopify and Magento 2 data directly into SAP Business One.
